

# Chalmers Studentbostäder

*Rental Agreement Storage Unit*

---

## Terms and conditions

Rental agreements for storage units have an immediate connection with the rental agreements for apartments. If the agreement for the apartment is terminated, it means that the agreement for this storage unit is terminated automatically. A storage unit can only be rented by first-hand tenants who do not already have a storage room or unit associated with their apartment.

- Rent is paid in advance by an additional row on the apartment's invoice.
- The mutual notice period is seven calendar weeks and termination is deemed to have been effected in the calendar week that the tenant announced the cancellation, no later than Sunday at midnight, via My Pages on Chalmers Studentbostäder's website.

When moving out, the storage unit must be empty and cleaned. Associated keys and padlocks must be returned to the landlord.

## Period of Tenancy

No longer than the associated rental contract for the tenant's apartment.

## Negotiation Clause

The tenant undertakes to accept provisions relating to rent or other terms and conditions of tenancy based upon negotiations between Stiftelsen Chalmers Studenthem and the Counsel of Trustees at Chalmers Studenthem.
