NOTE: We do not handle any payments in the Customer Service Office, please use the details above in order to pay the invoice.

Moving in

Keys can be picked up at our Customer Service Office, upon presentation of valid ID, at 14.00 on the first weekday after the contract takes effect at the earliest. If the contract starts on a holiday you can move in on the next coming weekday. The researcher or a representative of the institute named in the contract can pick up the keys.

Is the apartment clean?

When you move in your apartment should be properly cleaned. If it is not properly cleaned, you need to contact us directly! You need to contact us the same day you collect your keys and before you put all your things in the apartment.

Of course, we do our best, in cooperation with a cleaning company, to clean the apartment before you move in.

The link below is the checklist for cleaning before moving out. These places should be clean when you move in, so please view the list and inform us if the cleaning is not ok.

[Cleaning checklist when moving in – Is it properly clean?](#)

Pets not allowed

It is not allowed to have pets in the apartments. This is because of the risk of allergy since the apartments are furnished and it is not possible to clean the furniture well enough to remove all traces of the pets.

Moving out

Keys must be turned in to Customer Reception by 10.00 the first weekday after the turn of the month in which the contract expires. All belongings must be removed from the apartment and the apartment must be cleaned by this time. If the apartment is not properly cleaned, we will invoice the relevant institute for any costs that arise. The same applies if keys are not returned on time and a cylinder needs to be changed.

For more information relating to moving in and moving out contact our Customer Service Office at Gibraltargatan 82.
